WOODEN SHIP
— COLLECTION —

The world's sole surviving tea clipper, designed to be one of the fastest ships afloat to deliver freshly picked tea to Victorian Britain, and finding her forte in transporting Australian wool in record-breaking voyages.

THIS EXCEPTIONAL MODEL HAS BEEN DEVELOPED USING THE SHIPYARD CONSTRUCTION TECHNIQUE, EMPLOYING BEAUTIFUL WOODS SUCH AS OAK, LIME, AND MAHOGANY.

FR: Le seul navire commerce clipper conservé, qui fut l'un des navires les plus rapides à transporter le thé fraîchement récolté jusqu'à la Grande-Bretagne à l'époque victorienne, et qui trouva ensuite sa véritable vocation dans le transport de la laine en provenance d'Australie lors de traversées record.

Ce modèle d'exception a été conçu selon les techniques traditionnelles de construction navale, à partir de bois de qualité tels que le chêne, le tilleul et l'acajou.

DE: Das einzige noch erhaltene Handelsschiff im Clipper-Stil, das einst zu den schnellsten Schiffen gehörte, um frisch geernteten Tee nach Großbritannien in der viktorianischen Zeit zu bringen, und das später seine wahre Bestimmung im Transport australischer Wolle auf rekordverdächtigen Fahrten fand.

Dieses außergewöhnliche Modell wurde nach den traditionellen Techniken des Schiffbaus gefertigt, aus hochwertigen Hölzern wie Eiche, Lindenholz und Mahagoni.

IT: L'unica nave mercantile clipper ancora conservata, che fu tra le navi più veloci nel trasportare tè appena raccolto in Gran Bretagna all'epoca vittoriana, e che trovò poi la sua vera vocazione nel trasporto di lana australiana durante traversate da record.

Questo modello d'eccezione è stato realizzato secondo le tecniche tradizionali della costruzione navale, utilizzando legni di qualità come quercia, tiglio e mogano.

ES: El único barco mercante tipo clipper que se conserva, que estuvo entre los más rápidos en transportar té recién recolectado a Gran Bretaña en la época victoriana, y que posteriormente encontró su verdadera vocación en el transporte de lana australiana durante travesías récord.

Este modelo de excepción ha sido realizado según las técnicas tradicionales de construcción naval, empleando maderas de calidad como roble, tilo y caoba.

Our Agora Promise

Agora Models has built a reputation for providing museum-quality model kits and exceptional customer experiences.

Our purpose is to provide the most incredible and satisfying hobby experience, underpinned by three golden rules:

1. **A complete model is guaranteed** – we will never stop production of any model until all parts of the kit have been made.
2. **Premium quality is guaranteed** – parts and packaging are quality checked at every stage of production.
3. **Every customer will feel valued and supported.**

As we continue to bring you exciting new models, we will do so in accordance with these rules. Of course, we won't always get everything right, but we're going to work with you to make Agora Models the best!
